WORK EXPERIENCE

Game Developer Intern

01/2021 – 05/2021

Tatum Games

- Assisted in the development of the Mikros SDK by actively participating in building and testing processes.
- Contributed to the company's workflow efficiency by promptly filling out intern tickets on Atlassian and effectively communicating with the team through Slack.
- Gained experience in team collaboration and communication by regularly joining meetings on Microsoft Teams and contributing to discussions.

Web Content Manager

06/2021 – 01/2022

Reversah

- Designed and constructed a professional and user-friendly website using HTML, CSS, and JavaScript within the Shopify platform.
- Managed sales data and successfully improved website functionality by implementing a Mailchimp system to send users updates on new products.
- Contributed to the company's digital presence by creating engaging content, managing the website, and ensuring its optimal performance.

Coding Instructor

09/2021 – 01/2022

Code Ninjas

- Taught children the basics of coding, game development, web development, and cyber security, providing a hands-on and interactive learning experience.
- Guided students through personalized courses and projects, tailoring instruction to their individual needs and abilities.
- Demonstrated excellent communication and interpersonal skills, effectively communicating with students, parents, and colleagues.
